

1. Papavramidis Sp. **Kotidis E.** Ntokmetzioglou I. Kesisoglou I. Gamvros O. **Carcinoma of the Head of the pancreas. 15 year experience**
. 5th European Congress of the I.H.P.B.A. Istanbul 28-31 May 2003 Δημοσιεύτηκε περίληψη στο HPB 2003;5(S1):S105
2. Papavramidis Sp. ,**Kotidis E.** , Sapalidis K., Katsamakas M. ,Gamvros O. **Pylorus preserving Biliopancreatic diversion. Indication, technique and early results**
. 13th European Congress on Obesity. – IFSO European Symposium. Prague 26-29 May 2004. Δημοσιεύτηκε περίληψη στο Obesity Surgery;14(4):462
3. S. Papavramidis, **E. Kotidis**, T. Papavramidis, E. Vrettou, O. Gamvros “**Mesenchymal Tumors Of The Duodenum: Three Cases Report**
” International Surgical Week, 41st World Congress of Surgery of ISS / SIC Durban, South Africa, August 21st - 25th 2005 Δημοσιεύτηκε περίληψη στα πρακτικά του συνεδρίου σελίδα Abstract ID:2768

4. **S. Kotidis**, G. Koliakos, T. Papavramidis, S. Papavramidis “**The effect of biliopancreatic diversion with sleeve gastrectomy and duodenal switch on fasting serum ghrelin, leptin and adiponectin levels. Is there a hormonal contribution to the weight reducing effect of this procedure?**
” 15th European Congress on Obesity (ECO), Budapest, Hungary, 22-25 April 2007:S124
Δημοσιεύτηκε περίληψη στην International Journal of Obesity 2007;31(S1):S124
5. **Kotidis E**, Koliakos G, Mpaltzopoulos V, Ioannidis K, Giovos J, Papavramidis S. **Serum ghrelin leptin and adiponectin levels before and after weight loss: Comparison of three methods of treatment**
. 15th European Congress on Obesity (ECO). Budapest 22-25 April 2007. Δημοσιεύτηκε περίληψη στην International Journal of Obesity 2007;31(S1):S109
6. Papavramidis T.S, **Kotidis E.V**, Duros V., Michalopoulos A, Papadopoulos V.N, Paramythiotis D., Papavramidis S.T “ **Large pancreatic pseudocysts alter the intra-abdominal pressure in a chronic basis**
” 8th World Congress of IHPBA, Mumbai, India, 27 February – 2 March 2008 Δημοσιεύτηκε περίληψη στο HPB 2008;10:S166
7. A.Cheva, T.S. Papavramidis, **E. Kotidis**, K. Ioannidis, G. Karkavelas, S.T. Papavramidis “**E ffects of the chronically increased intra-abdominal pressure on the muscle phenotype of the diaphragm: pilot study on rabbits**
” 9th European Congress of Neuropathology, Athens, Greece 8-10May 2008 Δημοσιεύτηκε περίληψη στο Clinical Neuropathology 2008;27(3):185
8. A.Cheva, **E. Kotidis**, T.S. Papavramidis, K. Ioannidis, G. Karkavelas, S.T. Papavramidis. “**Effects of the chronically increased intra-abdominal pressure on the muscle phenotype of the rectis abdominis: pilot study on rabbits**
” XXVIIth International Congress of the International Academy of Pathology, Athens, Greece 12-17 October 2008 Δημοσιεύτηκε περίληψη στο Histopathology 2008;53(S1):314
9. Papavramidis T.S, Cheva A, Lazou T, **Kotidis E**, Ioannidis K, Karkavelas G, Papavramidis

S.T. “

Diaphragmatic phenotypic

adaptation following chronically increased intra-abdominal pressure

” 4th World Congress Abdominal Compartment Syndrome, Dublin, Ireland 24-27 June 2009

Δημοσιεύτηκε περίληψη στο Acta Clinica Belgica 2009;3:100

10. Papavramidis T.S, Cheva A, **Kotidis E**, Ioannidis K, Karkavelas G, Koliakos G,

Papavramidis S.T. “

Chronically increased

intra-abdominal pressure changes the structural properties of the diaphragm

” 43rd World Congress of the International Society of Surgery ISS/SIC, Adelaide, Australia 6-10

September 2009 Δημοσιεύτηκε περίληψη στο World J Surg 2009;33:S72
